Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands thorough knowledge of refraction and the necessary instruments. We have both: hundreds of satisfied customers will say so.

ILLEGAL REGISTRATION.

Chairman Scales Will Prosecute the Would-be Unlawful Voters.

Democratic Chairman A. M. Scales secured a warrant this morning for Jesse McAdoo, a negro, for illegal registration. McAdoo has not been here for the time required by law, but registered as a citizen. He came here from Asheboro only a short while ago and has been employed as a cook. Chairman Scales expected to have the trial this morning, but McAdoo could not be found, and it is feared he has been informed by some of his political henchmen and left the county.

Chairman Scales has his eyes open and expects to have several of the colored gentleman arrested for illegal registration. Many have registered in two or more precincts under assumed names, while a number of others have, like McAdoo, registered before they have become citizens. The negro may well understand that if he is led into such action by white republican office-seekers he (not the office-seeker) will have to pay the penalty. Chairman Scales has determined that whoever is elected in Guilford county shall be elected by those who vote legally, and no illegal votes shall be allowed.

Large and Curious Potatoes.

Mr. George A. Smith has on exhibition at the Farmers Warehouse two freak potatoes, both of which are curiosities on account of their peculiar shape, but one is especially curious for its enormous size. The larger potato weighs 8 pounds 10 ounces, and the smaller 5 pounds 2 ounces. Both are rough, being covered by ridges running in all directions, but the peeling is perfectly white, and Mr. Smith says every particle of the potato is good to eat. They grew in his garden in the northwestern part of the city, there being several bushels as large as the smaller of these.

Wheel Thief Caught.

A member of the firm of the Queen City Cycle Company, of Charlotte, passed through last night returning to that city with S. J. Rouse, a white man about 35 years old, who stole a wheel from the firm a few days ago. Rouse hired the wheel and thought he would have plain sailing in getting away, but alas! a little printer's ink brought him to bay. The Queen City Cycle Company advertised their loss in the Charlotte papers and the police at Hillsboro arrested Rouse. The wheel was found in Durham. The gentleman said his company had lost fifteen wheels and had recovered every one by advertising.

A Successful Supper.

The oyster supper, given in the Groome building last night by the Ladies' Aid Society of Centenary Church, was a flattering success, considering the short time spent in preparing for it. The ladies went to work with a will, and made hay while the sun shone, and when the time arrived every thing was ready. Nearly all the oysters and refreshments were sold, and a handsome sum netted for the Society. The Society wishes to return thanks to those who assisted in making the undertaking success, and also to those who patronized it so liberally.

The Fifth Cavalry.

By Wire to THE TELEGRAM. Washington, Oct. 28—Arrangements have been made by the quarter master's department to embark the Fifth cavalry from Savannah for Porto Rico next week. They will sail in two transports, about four hundred less than the full number of horses being taken as that number of animals are now in Porto Rico awaiting the arrival of the regiment. The same transport will bring back the First Kentucky volunteers and the First United States engineers.

Secretary Alger's New Plans. By Wire to THE TELEGRAM.

Washington, Oct. 28.—Secretary Alger has decided to recommend the enlisting of Cubans and Spaniards now in Cuba, into the United States army to do garrison duty. It is not his purpose to advocate accepting, at first, the whole regiment organizations of either Spaniards or Cubans, but to take the men individually, selecting them with great care, the native regiments to be organized later.

Spaniard Shoes for Women

Are the "swell" thing in ladies' foot millinery shown in button and lace at the Carolina Shoe Company.

Ladies who wear common sense shoes can find what they want in that line at Thacker & Brockmann's. They have these shoes from \$2.50 a pair down to \$1.25 and one line at \$1.75 is particularly recommended for comfort and wearability qualities.

BRINK OF A REVOLUTION.

Wilmington's Business Men Appeal To The Governor.

PEOPLE DRIVEN TO DESPERATION

Beg The Governor to Make a Sacrifice To Turn Aside Impending Calamity That May Cost Many Lives

Washington, N. C., Oct. 27—Col. James E. Boyd, Assistant Attorney General, has returned from a trip to North Carolina and has given out for publication two letters: one to the Governor from prominent business men of Wilmington, the other the Governor's answer. The letter from the citizens of Wilmington was addressed to Russell personally in his capacity as a local politician, but his letter is in the shape of an official answer of a Governor to an appeal.

Col. Boyd gave out the letters here in such a manner as to leave the impression that the letter from Alexander Sprunt & Sons and others, was an official appeal, but private information from the most reliable source is to the effect that one of the parties signing the appeal has written a friend here about the matter and mentions the letter as a personal one to the Governor. Such the Governor is supposed to have understood it since he did not make the letters public in North Carolina and only expected them to be seen in the north, where he wishes to foil the correct idea of the situation, which is fast planting itself in the public mind. This is the correspondence.

APPEAL TO THE GOVERNOR.

"Wilmington, N. C., Oct. 24, '98.
Hon. D. L. Russell, Raleigh, N. C.:
Dear Sir: We have been deeply concerned during the past week by the very excited state of our inhabitants, in view of the approaching election, which threatens to provoke a war between the white and black races.

"We have frequently observed during political campaigns in the past a degree of hostility which at times appeared to threaten the public peace, but which passed off when wiser counsel prevailed; but the present state of excitement is apparently and really beyond bounds, and we declare to you our conviction that we are on the brink of a revolution, which can only be averted by the suppression of a republican ticket.

"The white people and tax payers generally protest that they have been driven to desperation, and we have no hesitation in saying that even the usual indiscretion of political persons on the next election day will precipitate a conflict which may cost hundreds and perhaps thousands of lives, and the partial or entire destruction of the city.

"We, therefore, on behalf of the conservative business firms in Wilmington, deeply interested in the peace and welfare of our community, entreat you, as the representative of the republican party here, to meet the emergency and avert a calamity by the means which we have indicated, or by some other personal or political sacrifice, which would be gratefully recognized and approved by our conservative and patriotic people, and to your country and your God.

Tomorrow is the day that Adam Forepaugh and Sells brothers combined show which make the greatest show on earth, will show in Greensboro. Many High Pointers will take it in.

It takes all kinds of people to make a world. Since Adams and Reynolds bored the people here we have lost something less than half dozen subscribers and have added many times that number to the list. Occasionally we see one of those subscribers who has his paper discontinued sneaking into the drugstore and reading some other man's paper.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Oct. 28, '98.

Don't fail to hear Hon. W. W. Kitchin, democratic candidate for congress, Fifth district, tonight at the Anchor warehouse.

The office of the High Point Foundry and Machine shop has been moved back and the foundation being laid for the new addition, 32x80, one and one half stories high.

At a call meeting of the board of aldermen last night, the board bought two new engines and one new boiler for the electric light plant.

As there has been so much misunderstanding regarding the closing of the registration books heretomorrow, we refer our readers to chapter 159, Sec. 9, of the laws of 1895 and amended by chapter 185, Sec. 9, of the laws of 1897, applicable to registration which reads as follows: And such registrars shall also between the hours of 9 a. m. and 2 p. m. for four consecutive Saturdays, and between the hours of 9 a. m. and 12 m. on the second Saturday preceding the election at the voting place of said precinct, next preceding the day of election, keep open said books for the registration of any electors residing in said precinct and entitled to registration there in, whose names have never before been registered in such precinct or do not appear in the revised list. Said books shall be closed for registration on the second Saturday next, preceding the day of election at 12 o'clock, m., except that in incorporated towns and cities, the registration shall be closed a 9 p. m. of the same day. We understand that the foregoing article that voters living outside of the corporate limits of the city will have to register before 12 o'clock noon, and the books will be open for the voters living inside the limits until 9 o'clock, p. m.

Tomorrow is the day that Adam Forepaugh and Sells brothers combined show which make the greatest show on earth, will show in Greensboro. Many High Pointers will take it in.

It takes all kinds of people to make a world. Since Adams and Reynolds bored the people here we have lost something less than half dozen subscribers and have added many times that number to the list. IT'S A FAIR A BIG SUCCESS

The Excellent Work of Col. John S. Cunningham.

No man in North Carolina has a better right to feel good today than Col. John S. Cunningham, of Person county, who, as president of the State Agricultural Society, has achieved a record-breaking success in a State fair. His faithful and efficient work is appreciated and fittingly recognized by his re-election as president of the Agricultural Society.

Yesterday was the big day at the fair. It was estimated that there were fifteen to eighteen thousand people at the fair grounds. It has been many years since, if, indeed, there ever was such a crowd in attendance on the State Fair. Fine looking people, too. The flower and beauty of North Carolina manhood and womanhood were there. The writer was there also.

We will not attempt to mention the many attractive and highly creditable exhibits. We attempted to go through floral hall and the main buildings, but having a personal aversion to employing any of the tactics used in a football game in a crowd like that, we failed to get through. In the jostle, however, we drifted around to where great, attractive signs bore the words "Simpson-Shields Shoe Company," and there we anchored to look for a few moments on the splendid exhibit made by our valued and esteemed townsmen, who have achieved such signal success in the wholesale shoe business.

It is certain there will be no decisive action before the American commission. There is a rumor that the democratic members of the commission may resign.

SPANIARDS AT HOME.

Madrid, Oct. 28.—The Spanish peace commissioners refuse to acknowledge the authenticity of the information concerning yesterday's session. Before the session a rupture was expected, or prolonged negotiations. Now it is certain the Spanish will waive the Cuban debt, the highest authority saying the Spanish as a last resort will take the ground publicly that their Cuban debt will make Spain unable to carry her external debt, thus exciting European holders who will interfere. Meanwhile there is some hope of solution as a means of compensation the Philippine question is the next to be examined.

It is certain there will be no decisive action before the American commission. There is a rumor that the democratic members of the commission may resign.

SPLENDID RACING EVENTS.

For nearly five solid hours during the afternoon the lovers of horseflesh and good racing had ample opportunity to indulge themselves.

Beginning at 1 o'clock the racing began and lasted until dark, during which time four very interesting races

WHITE MEN'S CONFERENCE.

Thirty Thousand People at Golds-

boro To-Day.

A TREMENDOUS DEMONSTRATION.

Five Thousand Ladies Present—Great Speeches—Enthusiasm Runs High—Impressing Parade.

Special to THE TELEGRAM.

Goldsboro, Oct. 28.—It is estimated that there are thirty thousand people here today attending the great White Supremacy conference. Heavily loaded trains came in for several hours after sunrise, and the whole outlying country is one mass of carriages, buggies, wagons, carts etc.

The flower of Eastern Carolina womanhood to the number of five thousand are here and they are as much interested and as earnest if possible, as the determined men.

The great parade this morning was one of the most imposing sights ever witnessed in the state. There were three thousand horsemen in line, all wearing red shirts, white government buttons and carrying flags.

Experienced men say it is the largest public gathering of any kind that ever assembled in North Carolina on any occasion and the belief is universal that from now on it is only a question of how much will be the majority in the state.

The demonstration that greeted the news of earnest work in the west, and the message from Forsyth especially: "Hold the fort for we are coming," was unprecedented. The cheers were mingled with sobs of joy, and women actually screamed with delight.

Messrs. Jarvis, Watson, Gilliam, Waddell, Aycock, Neal, Simmons and Guthrie made rousing speeches, and the attention of the vast multitude was close throughout.

Messrs. W. E. Fountaine, of Edgecombe, and J. A. Farmer, of Wilson, formerly influential members of the fusion party, publicly embraced democracy and promised a hearty support of the white man's ticket amid a most remarkable demonstration.

Maj. Wm. A. Guthrie presided, and made the welkin ring with his noble and manly utterances.

OUR COMMON CAUSE.

Today the white forces, representing every portion of our good, but grossly insulted and down-trodden State, are conferring over the situation in the beautiful little city of Goldsboro. This is our common cause, as white men. The fight is being waged by the masses—the people who compose the intelligence, the virtue and the business qualifications of our citizenship, the people who pay the taxes and who have a right to be, and who will be heard.

The eastern situation has been laid before the people; but it is on record, and that from the mouths of life-long white republicans, that the conditions down there have not and cannot be painted by the newspapers in their true colors. The skeptical can be convinced by referring to every man who has gone east in search of the truth—every man who has gone in an honest effort to secure facts that would enable him to do what is best for his beloved State. Ask them, you who are doubtful, and every man of them will tell you that what papers say is, alas, too true; or else he will remain dumb as an oyster.

If ever there was, under the blue dome of mystic space and the glow of God's beautiful sunlight, a political cause more worthy than all others, or fraught with greater good or evil—according to the result—it is the one the voters of North Carolina are now considering and will soon be called upon to settle at the ballot box.

The people are thoroughly aroused, at least all thinking people are, and they are determined in the fight for the protection of their homes and their property. They have been insulted by threats of placing federal troops at the polls; but they will do their duty quietly, calmly and legally. They will spur the insult; but they will not be intimidated. They will endeavor, honestly and determinedly, to prevent recently imported negroes from voting and to prevent those legally entitled to vote from voting in more than one precinct. They will meet the fusionists in the open field on the latter's stereotyped slogan "free ballot and a fair count."

If, after the votes are counted, it is ascertained that the present reign of ruin and corruption is to be continued another two years, all the accuring

evils, misdeeds, scandal, degradation, humiliation, both politically and industrially, will be chargeable to the WHITE-SKINNED men of North Carolina who vote with the black men. It will be unjust to blame the negroes. They have always stood together solidly. White men know this and if by their acts, they deliberately say they prefer negroes to their own brethren of the Caucasian race, then they ought to—but let the curtain fall and let us yet have faith in the true Anglo-Saxon manhood of Tarheeldom.

BRINK OF A REVOLUTION.

[Continued from first page.]

Keith is a reputable merchant of your city. He was voted for by perhaps 90 per cent. of the Democrats of your county in the last election as an elector on the Presidential ticket, and was elected by the people of North Carolina by a majority of some 20,000.

"Captain R. B. Davis has been for many years a leading man in North Carolina. He has been one of the leaders of the democratic party in the State. He has been elected by their votes, and has served as one of their most important men in the State Legislature. He is a gentleman of education and culture, and an orator of distinction. He was also an elector for the State at large in the last Presidential election, and was elected by the whole people of the State by some 20,000 majority.

"Mr. D. L. Gore is a man of large property and of extensive business connections. As I understand it, he has generally acted politically with the Democratic party until the election of 1896, when he voted for McKinley.

"All of these men are North Carolinians, as well connected, as capable and as closely associated with the business, social and material interests of the State as any three men who could be found in your community.

"I am informed that the Republicans of New Hanover county are willing to adopt such a ticket for County Commissioners as will give the highest assurance of protection of property rights and of honest and economical co-administration.

"You say the republican ticket must be suppressed. Do you mean to suppress the republican ticket, which will not only to deny the republicans of New Hanover county the privilege of exercising their constitutional right to vote for members of the legislature and county officers, but also would deny them their right to vote for members of Congress and judges, and such State officers as are to be voted for in this election? They would thus be deprived not only of their rights under the State Constitution, but those secured to them under the United States Constitution as well.

"Very truly yours,

"D. L. Russell, Governor."

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; in the second place; what reason (i.e. Theory) says is best to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience, Dr. Reason to hold a consultation together, they will give you the best advice that can be taken.

When you have a bad cold Dr. inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition.
